

Product Name: Dhivehi Kaashi theyo – Signature HEAL\ME pure Coconut Oil

Tagline: Ancient Radiance. Bottled at Source.

The Story:

Forged by the sun and nurtured by the salt air, our Dhivehi Kaashi theyo is more than an oil. It is the lifeblood of Maldivian wellness. Harvested from wild-grown palms and cold-pressed within hours of collection, this artisan oil preserves the living enzymes and high-lauric acid content that have fuelled island beauty for centuries.

The Experience:

- Texture: A featherlight, silken "dry oil" finish that absorbs instantly, leaving a celestial glow without the weight.
- Scent: The faint, creamy aroma of toasted coconut and sea-breeze—unrefined, unmasked, and purely authentic.
- Benefits: Deeply restorative for sun-kissed skin, a smoothing elixir for salt-textured hair, and a grounding massage medium that connects you to the earth's rhythm.

The Ritual:

Warm a few drops between your palms. Inhale the essence of the islands. Massage into damp skin following a sunset swim, or apply to the tips of your hair to seal in hydration and island shine.
